

REMARKS

The present application is a US National Phase of PCT/MX2003/000027, filed on March 14, 2003.

There are 77 pending claims in this application, of which claims 1-5 are the amended claims from the parent PCT application, claims 6-45 are primarily copied from U.S. App. Serial No. 10/947,496, and claims 46-77 are new (but nevertheless relate to similar subject matter as U.S. App. Serial No. 10/947,496 and U.S. App. Serial No. 10/463,757). Applicants note for the Examiner that they reserve the right to provoke an Interference proceeding with the later filed applications based on the claims added hereto.

In light of the above remarks and amendments, an action on the merits is respectfully awaited.

Respectfully submitted,
FERRERO-IRIGOYEN, et al.
